What is the current information on CBD?

As cannabis has become legal in Canada, there has been much discussion among many residents about what it might do to increase their quality of life. If you are interested in finding out more about how medical cannabis might help you and would like to have a speaker come to our community and talk about the pros and cons of cannabis, please give me a call or drop me an email and I will arrange to have a presentation done .

Residents' Appreciation/Comments

SUNSHINE CLUB

Althea Jones

Thank you so much for the beautiful yellow tulips to speed me on my way to good health after replacement knee surgery, it is so nice to see Norma come through the front door with them.

Althea

Dawn Ford

Sunshine Club

When my father passed away recently, a lovely bouquet of flowers and card arrived at my door. Whether one is sick or sad, such acts of kindness are a great aid to the healing process.

With thanks and appreciation,

Dawn Ford

Madeleine Grierson

An emergency kidney stone operation caught us by surprise. I want to thank the Sunshine club for a beautiful bouquet of flowers and all my friends and neighbours for their well wishes, cards, flowers, meals, donuts and cookies. We are so blessed to be living in such a caring community.

Thanks again

Madeleine Grierson

Joe & Janice Pelechaty

Words alone cannot describe our surprise & appreciation to our neighbours who have become friends. On May 20th they had organized a surprise "Diaper Dump" between the hours of 6-8pm at our house. We were in awe of such a unique idea and it will be forever remembered. Our friends popped over with boxes of diapers, wipes, stuffed animals, toys, gift cards & beautiful outfits for Damon, our son Kurt & his partner April's newborn son (our new grand baby)!

We have been overwhelmed with everyone's thoughtfulness and generosity in welcoming Damon. We look forward to sharing the milestones & love from our family to our friends.

Thank-You from the bottom our hearts!

Joe & Janice Pelechaty

Rev'd John Morrison

I would like to take this opportunity to extend a heartfelt thank you to all of the friends and neighbours that have extended their well wishes as a recover once again from knee replacement surgery. A special thank you goes to the Sunshine Club for their Indigo Gift Card. It was a very timely delivery, as I was preparing to order more reading material. Recovery is sometimes slow, but with a supporting and caring community as we have it seems to pass very quickly.

Cycling is more than exercise; it is a social event for all

The **Bath Cyclers** is a social group of cyclers who enjoy one day cycling trips along bike paths and country roads on weekends during the summer months.

Our trips usually vary from 20 to 30 km and include sightseeing and a lunch stop. Our trips are led by one or two members who volunteer to organize and lead a trip. A schedule of all trips will be drawn up and members wishing to attend any trip will be expected to communicate directly with the trip leader(s).

We welcome new members. If you would like more information and/or are interested in joining our group please put the date and time in your calendar and join us at the meeting.

If you are interested in joining the **Bath Cyclers**, but are unable to attend the meeting, please contact Don Taylor at taylor.don@gmail.com to register as a member and get on our mailing list.

Next meeting of the BGCHS

The Bath Gardening Club and Horticultural Society will meet on Monday, June 17th at 2 p.m. at St. John's Hall, 216 Church Street.

Presentation on Hydroponic Gardening and a Tower Garden demonstration. Visitors always welcome. Further info at www.bathgardeningclub.com

Visit the Bath Sunday Market in Centennial Park

The Bath Sunday Market at Centennial Park, open from 9:30 a.m. to 4 p.m. every Sunday until the end of October. Many local artisans, books, antiques, fresh local produce and specialty teas. Proceeds are used by the Bath Gardening Club to beautify the historic village of Bath.

Canada Day Event update

WE ARE MOVING!

Sadly, we won't be able to enjoy our Live Music from the new Gazebo in Centennial Park this year. But all your favourite things will be in the area behind the Tennis/Pickleball Courts:

- The Vendors Market with food, product and craft vendors
- The Kids Zone activities - a whole new set of activities this year
- The Live Music – Bon Evans and the RoarShack Band
- The Firemen's Foam – one foam for little kids, another for kids of all ages
- The Horse Drawn Wagon Rides
- The free Shuttle Bus from the Event Parking Area beside the school.

SOME THINGS WON'T CHANGE

The Parade will still start at 1 pm from Finkle's Shore Park, proceed down Main Street and end at Bath Public School. This year, thanks to the hard work of a long list of Loyalist volunteers, there will be some terrific heritage themed floats for your enjoyment.

The Fireworks – weather permitting – will still be set off about 10 pm

THE FUN BEGINS BEFORE JULY 1ST

Friday, June 28th **THE ANNUAL RBC COMMUNITY BBQ** 11-2 pm. Cost \$5.

Sunday, June 30th The Bath United Church hosts a **THREE CHURCH ECUMENICAL SERVICE** at 2pm. Refreshments will follow. The offering will be presented to the Bath and District Lions Club to support the extraordinary work they do in the community.

THE GREAT DECORATE - Sunday June 30th at 4pm
Parents, grandparents, aunts and uncles take note

Kids and their adults are invited to the area beside the tennis courts to decorate their wheels. Wheels are defined as bikes, trikes, strollers or wagons. We will have material on hand and you are welcome to bring your own – especially if it goes on the kid! If you have an extra pair of scissors, bring them too.

Judging will follow the decorating.

Kids and adults are invited to join the Parade from the corner of Country Club Drive and Main Street on Canada Day.

AND SPEAKING OF THE PARADE.....

In the last few years, spraying water and throwing water balloons have added to the fun for some but have also caused problems for others. Parade watchers and participants both have expressed consternation to the Committee about unwanted spraying, getting hit in the face with water balloons, expensive water damage to the interior of restored vehicles, damage to electronics and the risk of motors seizing with antique vehicles. To ensure that everyone has fun and no one gets hurt, the Committee is asking that **everyone refrain** from throwing balloons. If you choose to spray water, please **respect** the **No Water** signs on floats or cards being held by parade watchers

Loyalist / Bath Community Service Bulletins

The Official Plan reduces the element of uncertainty as to the manner and sequence of growth and land use changes so that coordination of public and private investment can occur. Although the policies adopted are to guide changes in the physical structure of the Township, such changes should be in harmony with social needs, economic needs, municipal financial capabilities, environmental considerations and the management of natural resources. The Official Plan, therefore, contains much more than a set of land use controls.

Next month, we begin the public engagement process of conducting Open Houses. You are more than welcome to attend anyone (1) of the three (3) scheduled open houses. We encourage everyone to attend the open house most conveniently located for them. The notice is attached to this email.

Any person may attend the Open Houses and/or make written representation either in support of or in opposition to the proposed amendments. If a person or public body would otherwise have an ability to appeal the decision of Loyalist Township Council to the Local Planning Appeal Tribunal but the person or public body does not make oral submissions at a public meeting or make written submissions to Loyalist Township before the proposed official plan is adopted, the person or public body is not entitled to appeal the decision. If a person or public body does not make oral submissions at a public meeting or make written submissions to Loyalist Township before the proposed official plan (or official plan amendment) is adopted, the person or public body may not be added as a party to the hearing of an appeal before the Local Planning Appeal Tribunal unless, in the opinion of the Tribunal, there are reasonable grounds to add the person or public body as a party.

Here is another topic that should be addressed in this neighbourhood. There are many of us fighting the cancer battle and people have still not connected the fact that these chemicals we put on our lawn as well as have in our homes, are fatally detrimental to, our health.

I have spoken to the clubhouse about the ludicrous idea that the artificial scent sprayers in the clubhouse are good for the members. Exercising in the basement with no windows and a steady stream of chemicals inhaled not only is detrimental to one's lungs but can be fatal. The argument is that they have been there for years. As I pointed out, we used to smoke in our cars as well. Hopefully when we know better, we do better.

Recently we all became aware that the composite site at the Clubhouse was closed due to the issue of unknown persons dumping material that is not considered composite. This required the management at the LCC to undertake the process of sorting and disposing of that waste material, at their expense. I, for one, greatly appreciate the opportunity to use the LCC composite site for yard materials and find it inexcusable for those that have the mistaken belief that they can dump any waste other than what the LCC has identified as allowable at the composite site.

The offenders may or may not even be from our community and they may or may not even be LCC members, but the fact remains, that it is continuing and therefore, we as a community must be vigilant and report any infractions to the LCC management for their necessary and appropriate action.

The composite site benefits all and it would be a great loss to our community if it were closed permanently, hopefully, the LCC management will re-open the site in the very near future and we will have the opportunity to deposit our yard composite material there once again. But this time, let's all remember the need to carefully sort our own material and undertake some degree of ownership to ensure only approved material is dumped at the composite site when its re-opened.
